**Style Number:** P-305  
**Service:** Pump and Valve Packing  
**Product Type :** Braided Packing

**Description:**

Braided from continuous Acrylic blended fiber, Style P-305 is impregnated with our proprietary high temperature lubricant, and pre and post lubricated with high purity graphite flake. Our unique lubrication process insures a dense but flexible general service packing, which can be used in most steam, water, salt water, oil, and mild acid or alkali applications.
